WORK EXPERIENCE

2018 Professional Consultant & Professional Coach

System Analysis & Design of System

Manufacturing System Design (Ergonomics) with H&S issues,

Design (all equipments / number of operators / process / material flow / capacity analysis / work place organization / all based on Lean Principles and PFMEA

Professional Coach (included in NLP and Points of You – Creative tools for inspiration, learning and development)

2011-2018 Country (Turkey and Bulgaria) Method Lab Manager at Delphi Automotive Systems

Responsible for initiation of Centralized Engineering lab, Manufacturing Concept & Tooling Design,

Being a member of 3 plants' management team and reporting to Engineering Director of, Turkey and Europe Methods Lab Manager in matrix organization,

Management of 3 Supervisors (industrial engineers), 13 industrial engineers and 15 technicians in 3 Delphi Plants (Izmir, Bursa and Bulgaria)

Coordination of 3 plants method engineering team, in New Project implementation and Model year Change Management,

Efficiency initiatives of 3 plants (Izmir, Bursa and Bulgaria),

Manufacturing System Design (Ergonomics) with H&S issues,

Lean Manufacturing Management and Design for Manufacturing with all related techniques (PFMEA, Kaizen, Ergonomics and Analytical Methods)

Support All new plants in Europe (Romania, Serbia, Russia, Tunisia) as an Engineering Lab activities

2008 - 2011 Country Process Engineering Manager at Delphi Automotive Systems

Investment Budget Management

Investment net-outs

Capacity Planning

Process Design Management of 5 Senior process engineers, 12 process engineers and 15 technicians in 3 Delphi Plants (Istanbul, Bursa and Izmir)

P-FMEA

Fixed-Asset management

Coordination with Engineering Technical Centers in Portugal, Germany and Poland

Ensuring Process parameters meet both Customer and Delphi requirements

Machine/Equipment Procurements

Responsible for Machine/Equipment installation timing, cost, performance and product quality

Responsible for Machine/Process approvals and releases Research and Development activities

2006 - 2008 Manufacturing Engineering Supervisor at Delphi Automotive Systems

Responsible from product definition and BOM; product change management,

PPAP harness production and Responsible from Manufacturing Concept

Design (all equipments / number of operators / process / material flow / capacity analysis / work place organization / all based on lean principles; PFMEA coordinator, process change leader)

2004 - 2006 Method Engineering Supervisor at Delphi Automotive Systems

Responsible from Manufacturing Concept Design (all equipments / number of operators / process / material flow / capacity analysis / work place organization / all based on lean principles;

PFMEA coordinator, process change leader) and preplanning studies for new projects

2000 - 2004 Method Engineer at Delphi Automotive Systems

Responsible from Manufacturing Concept Design (all equipments / number of operators / process / material flow / capacity analysis / work place organization / all based on lean principles;

PFMEA coordinator, process change leader)

1995 - 2000 Research Assistant at Dokuz Eylul University

1995 - 1999 Master of degree in Industrial engineering

1999 - 2000 Phd study in Industrial engineering

EDUCATION

JULY 2000 Phd study on Industrial engineering at DEU

MAY 1998 Master degree on Industrial Engineering at DEU (ranked first in class)

SEPT 1995 Bachelor of Applied Science (B.A.Sc.), Industrial Engineering at DEU (ranked first in class)

PROJECTS

JULY 2010 TUBITAK Project Leader "Using and Processing 0,13 mm Wires on Harness Production

Delphi E/EA's Turkey Izmir Plant began to use 0.13mm² cables on the Ford CD34X Project (Mondeo-Galaxy). As the the pioneer plant in Delphi to use these cables in wiring harness production, the entire manufacturing team had to adjust various flows in the process, as the existing process specifications were not adaptable to the miniaturized cable production.

With a special focus on crimping, the team developed an innovative new process called the "Double X Crimp" using already validated Ford terminals. This project is opening the doors for research and development (R&D) funding from the Scientific and Technological Research Council of Turkey (TÜBİTAK) in the sum of about € 50K (~\$69,000). In fact, several University Professors nominated by TÜBİTAK visited Delphi's İzmir plant in July for a review of the Double X Crimp and the related R&D activities.

AWARDS

JULY 2014 GLENN D.HALL DELPHI 2014 MEMORIAL MENTOR AWARD DELPHI AUTOMOTIVE SYSTEMS

Presented to Zuhel Tanrıverdi for her passion and dedication to developing Delphi Employees through your Mentoring Relationships

JUNE 2014 DELPHI'S GLOBAL OPERATIONS INNOVATIVE THINKING SUSTAINABILITY AWARD DELPHI AUTOMOTIVE SYSTEMS

Over the past 13 consecutive years, Delphi has acknowledged the outstanding efforts of the teams and individuals all around the world that work on projects everyday to promote risk reduction, cost savings, and environmental , health, safety, and energy improvements. Through Excellence week these employees have been recognized for their commitment to creating a sustainability future for the good of the employees, customers, and communities where it operate. Winners are selected in each region based on specific voting criteria for technical projects and engagement projects. Awards range from platinum to gold to silver based on the level of impact.

CERTIFICATES

- OCT 2018** ERICKSON College International – Advance of the Spirit-2
(Certificate No. 2024403AOTS)
- JULY 2018** Ayşe Nilgün Art ile Maya Şaman Öğretisi (2) - İzmir
- MAY 2018** Ayşe Nilgün Art ile Maya Şaman Öğretisi (1) - İzmir
- MAY 2018** MINDFULNESS 101 by Mindfulness Academy Turkey
- MAY 2018** TEDx Alsancak 2018 – “Yolculuk Nereye?”
- APR 2018** Coaching Supervision by Professional Coach Bahar Zengingönül
- APR 2018** Dokuz Eylül University – “Farkındalık Zirvesi ”
- APR 2018** Certificate YaşamArtı Personal Development Summit Session; “The Future is Following Us”
(Certificate No. PDSIZ#03184523)
- MAR 2018** CCE Continuing Coach Education (International Coach Federation) – Points of You Train the Trainer Workshop Program
- MAR 2018** Association for Coaching – “Career Coaching – “What will be my career?” in DEU”
- MAR 2018** Byron Katie International Inc. – THE WORK of Byron Katie Workshop Program
- FEB 2018** TEDx DEU 2018 – “I CAN”
- DEC 2017** ERICKSON College International – NLP Practitioner
(Certificate No. ECIC-0121450)
- DEC 2017** MESS Eğitim Vakfı İktisadi İşletmesi – “Mühendisler için Endüstri 4.0 ve Uygulamalar”
- OCT 2017** MESS Eğitim Vakfı İktisadi İşletmesi – “Nasıl Yönetmeli?”
- OCT 2016** “ERICKSON College International – Advance of the Spirit-1
(Certificate No. 2024403AOTS)
- OCT 2015** ERICKSON College International – Modules I-IV of the Art and Science of Coaching
(Certificate No. 2024290CC)
- NOV 2014** CIYO (Coming Into Your Own)
- NOV 2013** ADLER Coaching Techniques – Basic Module
- AUG 2012** BALTAS Leaderships Courses – 8 Modules
- MAY 2013**
- APR 2007** ISO16949 BVQI Auditor
- JUNE 2002** 6 Sigma

KEY SKILLS

Industrial Engineering
Methods Lean Manufacturing
Concept Design
Operations Management
Engineering Management
Multi-functional Team Leadership
Process Failure Effect Mode Analysis (PFMEA)
Ergonomics
Manufacturing System Design
System Analysis & Design
Design for Manufacturing
Kaizen
Team Management
Change Management
Organizational Development
Coaching
Mentoring
NLP
Points of You (POY) - Creative tools for inspiration, learning and development
The Applications with Child-Young-Parents in the improvement of creativity and communication skills by using different plays

COACHING & MENTORING (projects)

MAY 2018 Points of You Workshop with Students (8.class) in TANI College

APR 1998 Career Coaching with 3 students on "Values" in Dokuz Eylul University (DEU)

OCT 2017 AC (Association for Coaching) for "Career Coaching with 2 students" in Dokuz Eylul University (DEU)
MAR 2018

OCT 2017 CYDD (Cagdas Yasami Destekleme Dernegi) for "Coaching & Mentoring with 2 students" in

JULY 2018 Dokuz Eylul University (DEU) - Social Responsibility Project
